Tapestry of Grace Upper Grammar or Lower Grammar Literature. Not all of the literature books need to be owned, and you can decide which ones you want your student to read. It is easy to share all of these books with others who are willing to pass their copies around. Some of these books will be read at co-op during story time. But if you want to enrich your home library and be a blessing to others in the co-op by owning your own set of these books, you can order them on Bookshelf Central. Go to the Tapestry of Grace Tab, Advanced Catalogue Search, Y1, Lower or Upper Grammar, Literature and order individual books.	
Grammar of your choice, I use First Language Lessons and Grammar for the Well-Trained Mind by Susan Wise Bauer.
